

Ice Fishing Season is Here!

Idaho Youth Outdoors and Sportsman's Warehouse is getting ready for the 8th Annual Youth Ice Fishing Day at Horsethief Reservoir.

We're having a trout species coloring contest to help with identifying what species of trout you might pull through the ice on your next ice fishing adventure!

Kids: Here is your chance to show off your best coloring skills! There are many species of trout and each one has it's own colors and markings. Sit down with an adult and look up the various species of trout. Pick out the one you like the best and use it for the inspiration of your trout coloring masterpiece! It could be a Rainbow Trout, Brown Trout, Brook Trout, Cutthroat Trout or any other species you like. Be sure to tell us what species you have chosen by labeling it on the front page.

Adults: We invite you to take the time and go over the various trout species with your kids. Idaho has a great selection of Trout species and sub-species. This will give everyone an opportunity to learn more about fish identification and habitat.

Contest Details

- Color your Trout picture and submit it to the Customer Service desk at the Nampa or Meridian Sportsman's Warehouse by January 8, 2017.
- Upon turn in you will receive a special discount on an ice rod or ice rod and reel combo.
- Prizes will be awarded to the winner's of four different age groups.
- Age groups are 1-6, 7-9, 10-13, 14-16. Be sure to list your name and age on the front page.
